3DH Building Solutions (Pvt) Ltd

WEEKLY DELIVERABLES

3 Posts + 3 Stories + 1 Custom Reel / Week

PREPARED BY

Mavix Digital Marketing (mavix.lk)

KEY PORTFOLIO FOCUS

Glarie Elevators & FMT Generators

Why Mavix: Innovative Social Media Engineering

3DH already maintains an active Facebook page. Mavix elevates your existing presence with high-frequency, high-quality weekly content execution.

Executive Strategic Vision

3DH Building Solutions represents world-class building equipment—**Glarie Elevators** (Passenger, Home, Freight, Panoramic) and **FMT Generators** (10–2500 kVA Soundproof Systems)—supported by your flagship Colombo 2 showroom and 24/7 Kandana workshop. Mavix delivers a high-frequency weekly output of **3 Posts, 3 Stories, and 1 Custom Reel per week** to dominate the Sri Lankan Facebook feed.

Dimension	Standard Social Media Maintenance	Mavix Innovative Content Engine
Creative Strategy	Template graphic flyers & static specs	AI-assisted visual design & 3D motion graphics
Weekly Video Reel Output	No weekly videos or static slideshows	1 Custom High-Impact Reel / Motion Video EVERY WEEK (4/mo)
Weekly Post Output	Infrequent static flyer posts	3 Premium High-Quality Social Posts EVERY WEEK (12/mo)
Weekly Story Output	Static post re-shares	3 Custom Interactive Social Stories EVERY WEEK (12/mo)
Analytics & Reporting	Surface vanity metrics	Monthly Reach, Retention & Audience Insights Report

4 Core Innovation Pillars

AI Audience Insights

Using AI tools to identify what Sri Lankan architects, developers, and homeowners search for regarding power continuity and elevators.

High-Bitrate Motion Design

Engineering 1 Custom High-Impact Reel per week to capture scrollers within the first 2 seconds of Facebook feed scrolling.

Interactive Weekly Stories

Designing 3 interactive stories per week with polls, showroom spotlights, and direct inquiry buttons to drive active Facebook participation.

Data-Driven Content Iteration

Analyzing monthly reach and video retention data to continuously refine visual post hierarchy for maximum engagement.

Weekly Package Deliverables Scope

Consistent, high-frequency weekly output maintaining peak visual standards for Glarie Elevators & FMT Generators.

01. 3 High-Quality Posts / Week (12 / Month)

Custom-designed graphics and compelling copywriting highlighting Glarie Elevators and FMT Generators, showcasing real completed projects, technical features, and product superiority.

02. 3 High-Quality Stories / Week (12 / Month)

Interactive story designs formatted for mobile scrollers, including engagement polls, showroom spotlights, and direct inquiry calls-to-action.

03. 1 Custom Reel / Motion Video / Week (4 / Month)

High-impact motion graphic reel showcasing Glarie Elevators in motion, FMT Generator power capacity, or behind-the-scenes 3DH workshop technical support.

04. Ongoing Page Management & Optimization

Ongoing maintenance of page visual banners, profile alignment, call-to-action buttons, and Messenger automated quick-replies for instant inquiry handling.

05. Monthly Performance & Analytics Reporting

Detailed monthly performance report tracking post reach, video watch duration, page engagement rate, and audience demographic insights. Used to continuously optimize future content design and topic selection.

6-Month Strategic Campaign Roadmap

Structuring our weekly deliverables (3 Posts + 3 Stories + 1 Reel / Week) around key commercial themes for 3DH.

MONTH 01

Brand Authority & Visual Relaunch

Launch high-contrast engineering visual system. Showcase Glarie Elevators technology and FMT Soundproof Generator power capacities through 12 posts, 12 stories & 4 custom Reels.

MONTH 02

Commercial & Architectural Campaign

Target architects, MEP consultants, and commercial developers with educational posts on lift shaft specs, building codes, and silent generator acoustic engineering.

MONTH 03

Residential Luxury & Home Lift Showcase

Highlight Glarie luxury home lifts and panoramic glass elevators for high-net-worth homeowners, luxury villas, and multi-story private residence projects.

MONTH 04

After-Sales Proof & Kandana Workshop Focus

Feature behind-the-scenes engineering content highlighting 3DH's 24/7 Kandana workshop, spare parts availability, emergency repair response, and technical team excellence.

MONTH 05

Factory Uptime & Industrial Power Continuity

Focus on industrial power protection with FMT Generators (10–2500 kVA), educating factory owners and commercial facility managers on zero-downtime backup solutions.

MONTH 06

Mid-Year Milestone & Client Proof Showcase

Highlight major completed installation projects in Sri Lanka, feature client testimonials, release half-year performance reporting, and drive mid-year growth momentum.

Weekly Package Guarantee Commitment

Every single week across the 6-month campaign, Mavix delivers: **3 High-Quality Social Media Posts + 3 Interactive Stories + 1 Custom Motion Reel/Video** (= 12 Posts, 12 Stories, 4 Reels / month) + **Ongoing Page Management + Monthly Analytics Report**.
